**T**he year is 2014. But many events are turning back the clock 90 to 100 years. Thanks to “Downton Abbey” and last year’s movie redux of “The Great Gatsby,” audiences can’t get enough of the roaring ’20s.

David Corman, development coordinator for the York County Heritage Trust, said passive viewing doesn’t cut it. People want to be transported.

“We wanted ... to show people what the 1920s were about and what people were going socially,” he said of the Trust’s Tin Pan Tuesday event in January. Guests were invited to dress as flappers and dance to jazz.
